

## *ddRAURA™ U*

A DIGITAL RADIOGRAPHY  
SYSTEM DESIGNED TO  
IMPROVE PATIENT CARE

Swissray offers the latest in imaging advantages. Always ahead in the field of digital radiography, the complete line of DR systems was developed to focus on image quality and radiation dose reduction to benefit patients. Additionally, each *ddRAura* system greatly reduces workflow issues and streamlines diagnostic imaging procedures to improve overall operations and patient care.

The *ddRAura U* is the perfect solution for busy orthopedic offices, private practices, and busy imaging centers that need flexibility, functionality, and faster workflow. Designed by radiologic technologists for radiologic technologists, the *ddRAura U* includes a U-arm design, paired with Swissray's Automated Positioning System (APS), a small hand-held remote control, and an optional foot pedal for effortless positioning.

The increased flexibility to manage precise positioning adjustments increases the quality of care for injured, elderly, or pediatric patients. The automatic single focus stitching option combines multiple images into one image quickly and easily for scoliosis and leg length studies. Designed for fast and accurate diagnostic images with minimal user interaction, the *ddRAura U* is an efficient solution for any digital radiography need.

## FEATURES

- Automated Positioning System (APS)
- Image preview in 3 seconds, a full image in 5 seconds
- Advanced processing algorithms provide outstanding image quality
- 9.7" Tube-mounted touchscreen interface for patient registration, system position, generator control, and image view
- Single fixed detector with wireless detector options
- Off detector and off center imaging
- Single focus stitching (optional)
- Small footprint

## IMPROVE PATIENT CARE GROW YOUR PRACTICE

### ■ **TRAINING AND SUPPORT**

Swissray offers each customer onsite clinical applications support, customization, and training tailored to your practice, staff, and patients' unique needs. Our ARRT licensed Radiologic Technologists, with years of clinical and training experience, will make sure you are maximizing your investment.

### ■ **CUSTOMER CARE AND SERVICE**

Swissray exclusively specializes in installing, repairing, and maintaining Swissray ddR systems and ensures only the best factory-trained field service engineers service your equipment. It is our priority to deliver the highest caliber service to meet the needs of your practice and patients.

### **ABOUT SWISSRAY**

Swissray is a leading provider of innovative diagnostic imaging solutions used by hundreds of radiography professionals and healthcare facilities. Swissray's complete digital radiography product line provides solutions that simplify radiographic procedures, ensuring the best image quality along with process improvements that can significantly streamline workflow. Swissray is headquartered in Southwest Florida.
